LONE PROFESSIONAL WOMAN HEADS UP AN INITIATIVE TO PRESERVE CHRISTIAN RIGHTS
& FURTHER CHRISTIAN RECOGNITION THROUGH HER:

“MILLION CHRISTIAN MARCH”

Joni Becker is a Professional Woman From East Tennessee Whom has Taken it Upon Herself to Form an Alliance of Christians Who Wish to Actively Take Part in a Million Christian March on the National Day of Prayer May 3, 2007

In a recent study it was estimated that 77% of Americans follow a traditional Christian Faith. This being the case; then why do we find that every article that represents such faith is being removed, polished over or outlawed through an almost socialist methodology?

A Christian Nation is Not another *feeble attempt* at a tax break nor another lobbyist platform; nor is it a non-profit organization. It is simply the effort of *One Christian Woman to Unify Millions of Like-Minded Americans* for the purpose of preserving the faith in our Nations History & its Current Governmental Structure that is “Of the People, By the People & For the People”.

The First Purpose of this release is to inform fellow Christians of the need to gather on-line 'signatures' from American Christians who are tired of having their religious freedoms slowly degraded by the very elected representatives that we have placed in their respective Congressional & Senatorial House seats. A Christian Nation's intention is to visually and firmly remind these officials of their duty to Represent and Defend our rights.

With Christians the majority in America, it stands to reason that we should question the motivation behind the denigration and dilution of our faiths & freedoms as they have stood historically for over two hundred years. A Christian Nation believes that in the absence of a collective Christian voice due [in part] to the separation and loss of collective focus that has occurred. United; each respective individual & denomination that takes part in The Million Christian March provides our leadership with a very visual & solid representation of our faith in democracy as well as our ability to call attention to this pressing need to protect our failing rights.

Our goal is to gather, at least, 60 million signatures from Christians across America of every denomination and walk of life. If you are Catholic or Protestant, Baptist or Methodist, young or old, rich or poor, attend church once a week, once a month or once a year – it doesn't matter. If you believe in God, Jesus and the Holy Spirit, and think its time that Christians should stop being singled out and persecuted for their beliefs, then you belong on this list.

Once collected, the signatures will then be passed on to our Executive, Legislative & Judicial branches in Washington as a collective voice & recorded document for Christian rights.

The Second Purpose of this initiative is A Christian Nation's "Million Christian March" on Washington, DC. Our intention is to Lawfully & Definitively demonstrate to our Representatives, President and Justices a physical and highly visual example of the will, power & devotion of the American Christian. As of this writing, the march is tentatively planned for May 3, 2007 – the National Day of Prayer.

Thirdly, having collected the desired number of signatures in planning for the Million Christian March we then seek to further our influence with the compilation of a database of 2008 national candidates & their Christian spiritual devotion, otherwise religious affiliation, or lack thereof. With such a database we will then find ourselves in position to be proactive and react more effectively & efficiently to the issues most pressing to our cause. This direct link and closer individual scrutiny will assure our progress in the

restoration and creation of symbolic, spiritual &, most notable, pre-existing references to our faith (that we now find under attack).
